

C.N.C. MACHINING CAPABILITIES

Regardless of the type of machining required, Diamond Case is prepared to offer a quality product, in a timely manner, at competitive prices. Our in-house machining capacity gives us an edge over our competitors who typically outsource their machining requirements.

Please refer to the MP (Machined Parts) letter below. To ensure the accuracy of the parts we ship to your customers, we request a print or drawing prior to machining.

The specifications and data in this publication are believed to be accurate and reliable. However, it is the responsibility of the user to determine the suitability of the product for a specific application. While defective product will be replaced without charge, no liability is assumed beyond such replacement.
